

Your Views on Housing and Support Services for Older People

What's happening?

We are working on behalf of agencies that are responsible for services to older people and we want to hear your views!

Councils and other agencies need to make plans for the rising number of older people in Norfolk. They need to give older people choice about where they live and what services are provided for them. The aim is to enable older people to live safely and independently in their own homes as long as possible.
